Motivated and hardworking full stack developer with a strong passion for programming and extensive IT knowledge. Experienced in both front-end and back-end development, with a focus on front-end technologies. Skilled in teamwork, meeting deadlines under pressure, and possessing excellent interpersonal and communication abilities. Demonstrating strong time management and punctuality. Aspiring to advance towards a tech lead role, leveraging comprehensive system management capabilities.

PROFESSIONAL EXPERIENCE

RSPB, England, Remote

2020 – Present

Developer (Web Team)

- Contributed to the web development team focusing on the delivery and maintenance of the main website (www.rspb.org.uk) and other projects.
- Implemented front-end technologies: Angular, TypeScript, HTML, CSS, Sass, JavaScript.
- Designed and implemented APIs in C#, ensuring proper front-end consumption.
- Collaborated in an agile team using the Scrum framework, participating in regular sprints, refinements, and daily standups.
- Utilized Azure DevOps and later Jira for managing sprint boards and work tickets, with regular backlog refinement for sprint readiness.
- Developed using EpiServer and Magnolia in both CMS and Headless CMS approaches.
- Employed Test-Driven Development (TDD) to ensure high code quality, meet user stories, and facilitate faster development.
- Utilized Git Flow for branching strategy in GitHub.
- Managed release pipelines.
- Created a front-end design system in Storybook for reusable components across applications.
- Maintained and enhanced the shop front using Intershop CMS.

IAmFlexi, Group project

2018 – 2019

Frontend Developer

- Lead front-end developer for a website created from scratch, facilitating job postings and connections for both quick tasks and full-time opportunities.
- Developed and maintained the front-end using HTML, CSS, and JavaScript, with Django and Bootstrap frameworks.
- Collaborated with the team and contributed to backend development using Python as needed.

Maplin, London

2017 – 2017

Sales Advisor

- Sales advisor at a high-traffic London store, responsible for ensuring customer satisfaction and operating point-of-sale tills, developing the ability to work effectively under pressure during busy periods.

EDUCATION

Queen Mary University of London, London, UK

2016 – 2019

BSc (Hons), Computer Science

- Awards: First Class Honours 1:1
